## ABOUT OUR COMPANY

The first thing you should know about Best Friend Pet Care, LLC, is that spoiling is our business! If you are the person that hears from all of your friends that you spoil your pet, then we are the pet sitting service for you. We specialize in spoiling! The best feature of pet care service in your home, is that we do our very best to keep your pet in a normal, comfortable routine.

A daily pet sitting, dog walking, or midday pet visit consists of the things your pet is accustomed to doing. Either going for a leash walk, playing in the yard, or just getting some love and affection on the couch. The other aspects of a visit include, feeding, watering, changing and cleaning dishes, cleaning litterboxes, scooping after the dogs when walking, handling birds and exotics if desired, monitoring the pets' general health, bringing in mail and newspapers, changing lights, and watering plants. Basically, we make it seem that someone is at home. Administering routine, chewable medications, such as heartworm preventative and vitamins, are also included. Any medications, including injectables, can be administered for a minimal fee. We also can trim nails, clean ears and do basic grooming for an additional fee. We are a full-service company, and also can provide yard scooping, and transportation to vet, groomer, etc. In cases of extreme need and special circumstances, we can provide overnight care.

Best Friend Pet Care, LLC has been in operation in St. Louis, since 1996. The company is licensed and fully insured for your protection. Best Friend Pet Care, LLC is a member of Pet Sitters International, the Association of Pet Dog Trainers, and Pet Sitters Associates.

Cinder Wilkinson is the owner/operator of Best Friend Pet Care, LLC. She is a former Veterinary Technician, Certified Small Animal Dietitian, and dog obedience trainer. She has a long history of animal experience, including small animal and exotic veterinary practice management, equine stable management, horse and carriage driving, and participation in dog obedience, agility and herding. She is a member of Mound City Obedience Training Club, Gateway Australian Shepherd Club, Alaskan Malamute Protection League and Belgian Breeds Rescue. She is the mother of two children and a large family of pets.

We look forward to meeting with you and your pet(s), and beginning a lasting, caring relationship with you. When you can't be at home, let Best Friend Pet Care be your best friend's best friend!
